Re: Annual Review of Base Rates for Fuel Costs of Duke Energy Progress, LLC
Docket No. 2018-1-E

Dear Ms. Boyd:

On April 27, 2018, Duke Energy Progress, LLC (“DEP” or the “Company”) filed with the Commission direct testimony related to the annual review of base rates for fuel costs of DEP, which included testimony and exhibits for Company witness Kelvin Henderson.

Enclosed for filing please find the corrected testimony and exhibits of Mr. Henderson. In Mr. Henderson’s originally filed testimony—at page 9, lines 19 and 20—and within Exhibit 2, the refueling outage dates for the Robinson Nuclear Station were misstated. Also, the formula on Henderson Exhibit 1, Line 5 was missing parentheses. These errors have been corrected with the attached filing.

No other changes have been made to the testimony or exhibits. Please replace the previously filed versions of Mr. Henderson’s pre-filed testimony and exhibits with the attached revised versions. By copy of this letter a copy of same is being served on the parties of record. Should you have any questions regarding this matter, please do not hesitate to contact me at 803.988.7130.

Sincerely,

Rebecca J. Dulin
